

# Font Awesome Quarto Extension

This extension allows you to use font-awesome icons in your Quarto HTML and PDF documents. It provides an `{{< fa >}}` shortcode:

- Mandatory `<icon-name>`:

```
{{< fa <icon-name> >}}
```

- Optional `<group>`, `<size=...>`, and `<title=...>`:

```
{{< fa <group> <icon-name> <size=...> <title=...> >}}
```

For example:

Shortcode	Icon
<code>{{&lt; fa thumbs-up &gt;}}</code>	
<code>{{&lt; fa folder &gt;}}</code>	
<code>{{&lt; fa chess-pawn &gt;}}</code>	
<code>{{&lt; fa brands bluetooth &gt;}}</code>	
<code>{{&lt; fa brands twitter size=2x1 &gt;}}</code> (HTML only)	
<code>{{&lt; fa brands github size=5x &gt;}}</code> (HTML only)	
<code>{{&lt; fa battery-half size=Huge &gt;}}</code>	
<code>{{&lt; fa envelope title="An envelope" &gt;}}</code>	

Note that the icon sets are currently not perfectly interchangeable across formats:

- `html` uses FontAwesome 6.7.2
- `pdf` uses the `fontawesome5` package, based on [FontAwesome 5](#).
- Other formats are currently not supported, but PRs are always welcome!
