Font Awesome Quarto Extension

This extension allows you to use font-awesome icons in your Quarto HTML and PDF documents. It provides an {{< fa >}} shortcode:

• Mandatory <icon-name>:

```
{{< fa <icon-name> >}}
```

• Optional <group>, <size=...>, and <title=...>:

```
{{< fa <group> <icon-name> <size=...> <title=...> >}}
```

For example:

Shortcode	Icon
{{< fa thumbs-up >}}	ı
{{< fa folder >}}	
{{< fa chess-pawn >}}	<u>1</u>
{{< fa brands bluetooth >}}	3
{{< fa brands twitter size=2x1 >}} (HTML	y
only)	
{{< fa brands github size=5x >}} (HTML	O
only)	
<pre>{{< fa battery-half size=Huge >}}</pre>	
<pre>{{< fa envelope title="An envelope" >}}</pre>	

Note that the icon sets are currently not perfectly interchangeable across formats:

- html uses FontAwesome 6.4.2
- pdf uses the fontawesome5 package, based on FontAwesome 5.
- Other formats are currently not supported, but PRs are always welcome!
